

# Mango Full spectrum CBD oil tincture

Cannapresso Mango Full spectrum CBD oil

It's produced from CO2 extracted resin, rich with wide range of neutral cannabinoids, from organically grown Cannabis plants.

Experience the full spectrum of relaxation with Cannapresso Full Spectrum CBD Oil.

It is also safe to be added into foods, drinks or used as a topical treatment.

Full spectrum(whole plant extract) is oil extracted from the hemp plant which contains all the cannabinoids found in the plant. In addition to these compounds, full spectrum hemp oil also contains essential vitamins, minerals, Omega fatty acids, flavonoids, chlorophyll and terpenes.

These compounds work together, multiplying the potential health benefits of each of the product components in what is known as the "Entourage Effect".
